

# Y Day Vacation Boasts Work, Eats, Fun, Games

There are a few deadbeats who mess things up by staying in bed when there's fun to be had, but, according to those who know, anyone who is the "mind over mattress" bit Wednesday, is missing more than fun!

**ABOUT THE ONLY TIME** Y students have to forget about themselves, d class, and homework, and professors, and scrubbing the apartment, is the traditional Y-Day of community and campus service. Wednesday's dawn will break on bands, ward wake-up committees, trumpeters, and drab landlords heralding the day to do something for someone else.

By 5 a.m. the "morning do-gooders" will have made their rounds, and a snake dance will be led from the dorms to the flag pole on campus or the 6 a.m. flag raising ceremony conducted by the ROTC. Y Mountain will meet in the east parking lot.

By 8:30 A.M. students will have had breakfast with their wards and will begin their projects. Wards working on the Provo beautification and an-up are asked to be at their meeting places by 8 a.m. to meet the ticks.

Deal tickets for the free noon meal at stadium and will be given by bishops at their groves. The meal will consist of spaghetti, green salad with dressing, potato, rolls, berry pie and cream, and a choice of chocolate, orange or milk to drink. Vending will be at noon and 1:30 p.m. on the west side of the football stadium.

**FTERNNOON** activities start at stadium at 1:30 p.m. with the relay of boys and girls. At 5 p.m. the pie eating contest and at 1:30 p.m. from the cased pig contest will begin. From 2:10 to 2:45 p.m. a spectator activity will be furnished, on the Grand Prix Bike Race. Mountain Biking Association finishes at 2:45.

Surf race down the field will take place at 2:50 p.m. and 3 p.m. tandem bike relay of six boys and girls will begin. **ICD AND INTENSIVE** football, an independent of the old and the ASBYU executive council's 5 p.m. tug of war. In case of need of needed mud, hoses will be available to help give "atmosphere" to contestants.

For looked for chariot race during the afternoon fare at 5 p.m.

**STOMP WILL** be held from 6 to 6 p.m. in the Wilkinson Centennial, before the 6:30 p.m. film. **WILSON** Vaudeville variety of melodrama in the Fieldhouse. **Third Man on the Mountain**, "Technicolor will be seen on the east of the McKay Bldg. at 7:30 p.m. **WILSON** Vaudeville variety of melodrama in the Fieldhouse.

**Third Man on the Mountain**, "Technicolor will be seen on the east of the McKay Bldg. at 7:30 p.m. **WILSON** Vaudeville variety of melodrama in the Fieldhouse.

**DANCES BEGIN** at 8 p.m. in Ballroom to the music of Cliff Edwards and his band. Variety hand-me-downs will spring through the room by Linda Green and two "idle" accompanists to continue the Western Week theme.

For those who still think they stay in bed, there is no hope—will be pretty easy to identify myself, now that I am with the acrobatics, silly white hands, acrobatic agility, and lack of hands, scalding burns from Y Mountain.

## Assemblymen Take Office

**ASBYU** President Bob Christensen administered the oath of office to Assembly President Jim x and 15 new assemblymen in early Assembly meeting.

The Assemblymen completed the present time with 18 assemblymen and two more to be cast in the fall from the Freshman class. Three assemblymen, Bill Collette, Orlan Miller, and Jim Stout were not present at swearing-in ceremonies.

First casualty of the mountain? No, Alpha Phi Omega rescue squad Duane Perry, left, Dan Farar and Milton Farar cart off Lynette Nield, the APO Rodeo Queen candidate. They'll be manning base camp two and fervently hope they have no cases, particularly the ones caused by lime burns or horseplay.

## BYU, Harvard Teams Will Clash In Debate

BYU will clash with Harvard in a demonstration national debate Tuesday at the Forum 10 a.m. in the Smith Fieldhouse and at 11 a.m. in the multi-purpose area of the Smith Family Living Center.

**THE EVENT**, sponsored by the Academic Emphasis Committee, will match the two schools on the topic: "Resolved: That the Federal Government should establish a national program of work for the unemployed."

Debater Zollinger described the importance of the topic: "At present the problem of unemployment is a pressing one in the U.S. Much federal action is taking place, such as the recent poverty legislation. Students at BYU should feel a need to be informed on problems of such importance."

IN 1961 BYU debators walked off with impressive honors from the National Intercollegiate Debate Tournament with the best schools in the country participating.

Two schools have not met this year, but Harvard has been collecting many wins, including the last two national "championship" West Point meets.

**TO WIN** a debate, the affirmative side must prove a problem exists that cannot be handled by minor alterations in the status quo mechanism.

## Utah LDS Homemaker Named Mother Of Year

NEW YORK, (AP)—"What a degree," she said—which makes her the only adult member of the Mormon family to earn one down to certain ideals," the new International Mother of the Year, Mrs. Fletcher has long been active in work for the Church of Jesus Christ of Latter-day Saints (Mormon). Her husband once was President of the New York Stake (diocese).

**MRS. HARVEY FLETCHER**, 70, of Provo, made the comment to newsmen after receiving the title at the Waldorf Astoria Hotel. "I'm just a mother," Mrs. Fletcher said.

She told newsmen that her children—five sons and a daughter—are "really the ones that brought this honor to me."

**HER SONS ARE JAMES**, president of the University of Utah; Harvey Jr., mathematics professor at the University of New Mexico; and Paul, manager of the Quantum Physics Division of a research firm in Pasadena, Calif., and Stephen, a New York corporation counsel.

The homemaker is Mrs. William K. Firmage of Chisham, N.J., with a masters degree.

**THEIR ARE 26** grandchildren. Mrs. Fletcher was born in American Fork, Utah. She was married in 1908 in Salt Lake City to Harvey Fletcher, who died in 1941 with her husband. He was a native of Provo, Utah, but worked for 33 years in New York as research scientist for the Bell Telephone laboratories.

**HE BEADED A GROUP** which invented a stroboscopic sound system in 1933. The patents are in Fletcher's name, but owned by Bell.

The Fletcher's were back to Provo in 1949, when he retired from Bell. He became dean of a then newly established college at BYU, and although he is now retired from that post, he still is engaged in acoustical research at the school.

courses in Physics at Chicago but never got my

## Daily Universe Takes Honors At Conference

The Daily Universe came up tote again for the fourth year in a row as it walked away with the "best daily" award at the Rocky Mountain Collegiate Press Association Conference last weekend in Denver.

ACCEPTING THE award was Bill Sanders, last year's managing editor and next year's editor. Editors during the two semesters for which the award was given were Bill Sanders, first semester, and Sheila Carter, second semester.

Paul Lau, next year's business manager, was selected to serve as vice president of business for the 1965-66 convention to be held at Arizona State College at Flagstaff.

**RE-ELECTED** AS Executive Secretary was Dr. Oliver R. Smith, chairman of BYU's Communications Dept.

Attending the conference were Budie Wallace, Paul Lau and Lavina Fielding from the Universe, Jim Woolfenden from the Bayan, and Elaine Goodman, Galena.

Accompanying the group were Dr. Smith and Merwin G. Fairbanks, student publications advisor and Rocky Mountain District Chairman for the National Council of College Publications Advisers.

## Devotional

Frequent as a stake leader and welfare worker during the depression, Elder Harold B. Lee will speak at the Devotional at Assembly Tuesday at 10 a.m. in the Smith Fieldhouse. At present he is a member of the Ward 12, Twelfth, Church of Jesus Christ of Latter-day Saints.

All editorials are written with the concurrence and advice of Editorial Board, but final responsibility rests with the editor.

## Hope To See You There

A great day has been in the planning stages for most of us. Its success or failure however, depends on you.

Y day, May 10, can have the most spectacular events, the most tremendous games and activities, and yet it won't be counted as successful unless the majority of students participate and unless those students truly enjoy themselves.

The planning committees have tried to include an activity to please just about everyone. Starting with breakfast in the wee hours of the dawning, to the work projects, usually more fun tied in with the work than is usually hoped for on any work project, to the free lunch at noon, afternoon games, movies and dancing, there is bound to be something that would appeal to your individual taste.

Y day will offer a perfect opportunity to get out in the fresh air and sunshine, plus a day of activity—a combination most of us college students rarely have a chance to enjoy. Being in school a whole semester without a vacation, Y Day should come as a welcomed breather from studies, projects, papers and the like.

Activities that prove to be the most fun are those in which everyone takes part. Day like anything else, will give back to you as much as you are willing to put into it.

The moments which will be long remembered years to come, the delights of your college years, will be the highlights of your stay here. The library, the times you will look back on and remember will be the outside activities you were involved with, the fun extra-curricular events which add the necessary spark to make college one of the most enjoyable times of a person's life. The time to participate is now, they won't be here forever. Take advantage of these activities while you can.

We realize, of course, that gaining an education is our prime purpose for being here and that studies must or should come first. We only hope that Y Day hasn't been reserved for doing that term paper or notebook that is due Monday. We hope that you will want to come and join with us for a fun-filled Y Day.

We would like to see you there to help make our Y Day a success.

## Students In Various Departments Receive 1965-66 Graduate Awards

"Graduate awards for the school year 1965-66 have been made by the faculty announced on May 10, 1965, Chairman of the Committee on Graduate Awards. The awards were made in cooperation with the various departments of the University.

The following students have been nominated for the National Defense Education Act (NDEA) Fellowship covering a three-year period with stipends ranging from \$2,000 the first year to \$2,400 the third year with \$400 for each department: Vincent J. Breglio and Kenneth L. Higbee from the psychology department; Calvin T. Caudill and David H. Johnson from the physics department; Robert H. Dugan, Griffin R. Ronald Foster and Doritha J. Maley from the botany department; Robert J. McClemon, Richard Oswald, and Phillip E. Lothrop from the history department; and Walter B. Sudweeks and Dee Edwards from the chemistry department.

The following students have been awarded the National Aeronautics and Space Administration (NASA) Fellowship covering a three-year period with stipends of \$4,000 a year: John F. Cannon and Charles Terni Warnick from the chemistry department; George E. Mathews and Harold B. Hart from the physics department; Darrel Edwards from the psychology department; and Charles Kent Chamberlain from the geology department.

The following students have been awarded the National Science Foundation Summer Fellowship for Graduate Studies: A. Clyde Blauer from the botany department and Robert E. Rees from the civil engineering department; Kirby M. McMaster from the sociology department was awarded the National Science Foundation Cooperative Fellowship for \$2,400.

The National Science Foundation Graduate Fellowship has been awarded for the third year to Nord L. Galt from the bac-

teriology department with a stipend of \$2,800 with \$500 for Reba Lou Keele.

Other recipients are Diana Gray, Nancy Peterson, Archie M. Johnson, Robert E. Klinehamer, Elvin R. Tanner, Carolyn White, George Jay Downing, Bonnie Lauper, Ross E. Erickson, Ellis C. Worthen, Arthur P. Barnes, Kurtis J. Karlsiney, Jr., William C. Mitchell, Rebecca Ann Pool, Jeannine L. Holland, Margaret Ann Lowe, Jeanne M. Johnson, Elizabeth E. M. Stoddard, Lucille C. Tate, Julia F. Halgren, Lerin E. Miller, Yvonne B. Egbert, Ruth Lynn Cannon, Don M. Wratnah, Robert R. Davidson, Celia F. Tripp, Daniel Kay Armstrong, Nona Lillian Hargren, Kathleen L. Perona and Patricia A. Pierce.

The following students have been awarded BYU awards for 1965-66: Paul K. Winward, Kenneth W. Godfrey, Paul Cheesman, Richard Johnson, Nona Lillian Hargren, Kathleen L. Perona and Patricia A. Pierce from the physics department.

The following students have been awarded BYU awards for 1965-66: Paul K. Winward, Kenneth W. Godfrey, Paul Cheesman, Richard Johnson, Nona Lillian Hargren, Kathleen L. Perona and Patricia A. Pierce.

Others are Peter T. Work, Open Gene Headmon, James C. Hurst, Lynn Victor Leonard, J. Loraine Adams, Chad C. Wright, Margaret Irene Lowe, Robert J. Parsons, Bonita Alta Johnson, Carrie Jacobs, Melvin R. Maxfield, Myrlie Dalton, Lin Duane W. Stewart, Richard Dee Rees, Weller Reeder, Hurren, David H. Kitterman, H. Rolfe Ferguson, Khalid M. A. Qureshah, and Mei-Sheng Chiu.

Also included are Robin Clair Tucker, Rex Wayne Farnsworth, Ira R. Rostrom, Christian R. Jensen, Arnold Harrison Green, Peter B. Snow, James Norman Smith, Rosanna Hwei-chen Chung, Ronald K. Sheath, Shyamala Chowdhury, Syed I. H. Hussain, Krishna S. Sen, Chin Ping Chen, Afra Margaret Fernandes, Hsiang-Jui Chen, Chin-Hsiu Li, Muktha Bai Bhattacharyya, Ho Kim, Richard West Jacobs, John Keith Bishop, Della Mae Rasmussen, C. Walker, Donald P. Holman, Keith M. Miller, Barbara B. Moore, Melva Lee Allred, Geraldine Lynn, Gerald Gianguic, Vivian

## Campus and Comment

### An Answer

Reply to the Blue Key's challenge to a tug-of-war from the Intercollegiate.

Hear ye, hear ye, ye ole evanescent Blue Keys...

Oh ye serpents of the Botany Pond...

When shall ye the ways of the wise...

And cease not the noble...

Knights of the Gold "Y" to...

challenge...

Alas we can't but tie the lowly...

pleas accept...

And grant thee competition with the most noble Knights...

For thus we becomest us to...

the fairest traditions of old...

And accept a tug-of-war with the ephemeral louts that...

Amongst us be...

Hark ye, ye evanescent Blue...

Feed thyselfs with care...

For so we bulish the energies...

and quench the wrath...

Of the Knights on this day...

To bolster the aristocracy...

Lest ye emancipate thyselfs...

of any right...

To as a pestilence exist on...

the campus...

as it is known unto all...

That the plague of Blules shall...

be consumed—

For on the fifth day of May...

The Knights shall dutifully...

the World of Wisdom布...

And partake of whisKEY—

THE KNIGHTS

### So Disappointing?

Why is the Emphasis Magazine so disappointing?

It's too bad the highly-touted chronicle isn't strictly an art-photography and academic magazine. Because from that standpoint it is an outstanding accomplishment.

The magazine falls down in

**DAILY UNIVERSE**  
Published Monday through Friday during the academic year except during vacation and examination periods. The paper is the official organ of the college year by the Associated Students for the students, faculty, administrators, and the public. It is the only publication authorized at Provo, Utah. Polynesian Club, J-5 Banquet Hall, 8 p.m., Wednesday.

## Lighted Y To Herald Y-Day End

Winding up "Y" Day activities will be the traditional "Y" lighting. The lighted parade will take place at 8:30 on ednesday evening.

THE INTERCOLLEGiate NIGHTS will have their hands all Wednesday morning in preparation for the tradition. Mixing "gook" will be first on the agenda. This is a process of taking used motor crankcase oil and mixing it well with mashed stuffing. How it is mixed... with the hands—gook!

In the evening the I. K.'s and their crews will ascend the mountain where final preparations are made to perform their traditional task. First, a small amount of gasoline is placed in the ready-made pocket of each party. Then, the torches are lit and used to light each party in a symmetrical design.

AFTER THE "Y" has completely been illuminated, the torch parade begins down the mountain side until, finally, at the base of the mountain, the torches are snuffed out in the sand which has played its part in each "Y" lighting.

Seamless Skin Pump, B. Crushed kid in Orange, Yellow, Thailand Pink, Raspberry, Ming Tree, Shannon Green, Summer Sky, Blue Water, White, Emerald Green, True Blue, Sable Mist, Platinum Blends, Stocking Tint, Peacock, Navy, Staccato Red. Also Black patent.

# Y-Day for People Who Like People

It takes more than the usual to blast some out by 6 a.m.

The long white line puts meaning into the word "work."

**Y DAY**, the biggest day of student activity and fun of the entire campus year, is coming Wednesday to continue a tradition of service for which the school is known.

**BEGINNING WITH** wake-up a bang that may rock a few unsuspecting neighbors, the day will continue with ward projects in the morning, noon meal in the stadium followed by pie eating contests, pig chases, chariot races, bike races, tandem relays, tug of war, and suitcase race.

**FROM 4 TO 6 P.M.** a stag dance will be held in the Wilkinson Center, 8:30 vaudeville show in the Fieldhouse, 8 p.m. "Third Man on the Mountain" with comics in an outdoor show by the McKay Building, and 8 p.m. Cliff Sorenson dance in the Ballroom and outdoor stomp on the patio.

A little doubt over this ward's breakfast offering.

Biggest tradition at the Y, the stately block Y on Y Mountain gets its springy face-lift Wednesday as hundreds of students bucket brigade the whitewash up the mountain.

ful lime removed by first aid worker.

A face in the crowd, sun-tanned, burned, freckled. Work is followed by food, fun, dances and movies.

Just one more slurp and he's won the pie eating contest. An afternoon stadium activity, the pie eating contest will precede the greased pig contest. Coeds get to see if all that talk can be backed up with a little elbow grease as the fellows discover that a little pork can go a long ways. Snack time on Y-Day is anytime. Just pull up and sit.

I tuned up for mixed bike races Wednesday afternoon.

Glory that was . . . a chariot race entry.

Helping hands.

End result of a happy day.

Three descendants of Brigham Young living here sit in "his" corner in the Smith Family Living Center. Seated on his couch from Gardo House and examining a

coat that may have belonged to him are Keith LeFevre, Mrs. Edith Young Booth and Carol Matkin who is dressed for a reception in the Gardo House itself.

## Around The Church...

### MORMON IN CONGRESS

In contrast with the days when a "Mormon" was only admitted to Congress after a bitter struggle, if at all, this year's 89th Congress has 11 members of the Church, the highest number ever seated in the nation's legislature.

### HIGH AVERAGE

The student graduating with the highest honors at Spring Commencement at the Church College of Hawaii is a grandmother. Mrs. Alice Pack has accumulated a 3.89 grade-point average, and will be graduated summa cum laude, according to Acting President Owen J. Cook.

### WELL DRILLED

Well drilling equipment has been set up on the Church Administration Block just South of the Relief Society Building in Salt Lake City. When completed, water from the well will be used in heating and cooling systems of Church buildings.

### HOSPITAL ADDITION

Bids were received Tuesday for a new five-story addition to the Primary Childrens Hospital. Low bidder was the Horne-Zwick Construction Co., Salt Lake City, with a bid of \$1,418,700.

### CHURCH COLLEGE TO REVIEW

Ernest C. Jeppesen, dean of General College, returned last week from a week's trip to the Church College of Hawaii where he met with its president Dr. Owen J. Cook, and K. J. Andersen, academic dean, to discuss plans for revisions and additions in the two-year programs there.

NEW PROGRAMS in accounting, secretarial training, home technology, automotive technology, metal technology, electrical technology, drafting technology, building technology, and computer technology are being set up at this time.

Dean Jeppesen said these additions and revisions were due to the growth at the Church College. "The college has expanded from an enrollment of 115 to almost over 900. The faculty has grown from two or three to over 70 including the administration."

HE ALSO ATTENDED a 10-year reunion of the Church College. Jeppesen was head of the division of agriculture, home economics, and industrial education for three years on the original faculty.

"The city of Laie is expanding with the Lanikai Lodge hotel and restaurant. Additions to the temple and the college proper has added to the attractiveness and rapid growth of the LDS community in northern Oahu," Jeppesen concluded.

## Y Has KSL Representative

"BYU is apparently coming of age," said Gene Henderson, KSL's representative to BYU. "It is a community large enough to become a source of news for the commercial media."

HENDERSON, a staff member of the Broadcast Services Division of BYU, has been assigned the job of gathering news in Central Utah, which includes the BYU campus.

He received that assignment because KSL-TV has found it worth while to have a representative on campus.

HENDERSON MENTIONED that the stories he gathers for KSL are of general interest to the KSL community of viewers, although particular concern has to be taken as to the newsworthiness of a story.

## Brigham Young's Sofa

A display of furniture from the homes of Brigham Young is on display in the foyer of the Smith Family Living Center in a collection of Virginia Cutler, dean of the College of Family Living at BYU.

INCLUDED IN the display are a couch and two side chairs that were ordered from England for use in the Gardo House and a chair made at the Beehive House for use there.

The Beehive symbol used in constructing the furniture from the Gardo House was found in California by Joseph Eyring at Berkeley, who donated it to BYU.

MRS. EDITH YOUNG BOOTH loaned the chair from the Beehive House. It was given to her by her mother, a daughter of President Young.

Donated by Mrs. Emily S. Stewart are a shawl woven by President Young, made of wool produced by his sheep, and a neckerchief, made of silk produced in Utah.

OTHER FURNITURE in the display, used to complete the "room" did not belong to President Young, but is used to show what kind of furniture would

have been in the room. Dean Cutler has donated a Persian rug. Mrs. Edna Dene has donated an organ, and tables and chairs have been loaned by Josie Vincent and Guy Clark.

## 12 Ward, Spu Smith Hall W On Blood Driv

The results of the semi-annual Blood Drive at BYU were sponsored by the Arnold Air Society. The Geiger Flight showed 12th Ward 13 in the ward division with 751 donated.

HIGHEST organization Spur with 21 pints and his housing unit was Lucy A. Smith Hall with 39 pints and unit with the lowest pints was 10th Ward.

The goal for this semi-annual drive, was topped by five pints. Thursday with one still to go.

The trophy and plaques were awarded Tuesday by Lt. Col. H. Sharp, professor of Aerospace Studies at BYU.

# Humanities Program Adds Two Courses

is coming fall the Humanities Program plans to add two new courses which Professor Britsch says are being developed by the department. According to Dr. John B. Britsch, professor of English and coordinator of the Humanities Program,

Professor Britsch says the reason the classes are being developed is because of student requests and also because at the present time the University does provide an integrated program dealing historically with all the various areas which have been taught on other campuses and have met with a great deal of success. One class will taught each term and each will be a three credit hour class.

At present Humanities course which enrolls almost one thousand students each year, is introductory course concerning the basic functions, functions, functions, and organizations of the Humanities courses concerned with a historical approach to the major arts, especially literature with emphasis on works of arts and primitive from all western and periods.

Professor Britsch is now

## Classes Rate High Nationally

NU has not only joined the list of major U.S. universities using classical Korean, but now has the largest Korean class in the continental United States," says Dr. Spencer J. Clark, instructor.

ONLY THE UNIVERSITY of California has a larger class," he noted. He obtained this information at the recent Asian studies conference held in San Francisco.

Class was offered for the first time at BYU last semester, with student enrolled.

According to an article which carried in *The New Korea*, a San newspaper printed in Los Angeles area, other universities which offer Korean are Harvard, Columbia, University of Washington, Indiana, University of California, Hawaii and Brigham Young.

MAX R. ROGERS, chairman of the language department, said, "We are happy to have Korean as one of four different languages offered at BYU."

Korean 201 and 301 will be offered next year as well as summer Korean.

A student can thus satisfy language requirement for graduation by taking Korean," Rogers said.

ONE CLASS MEMBER, David Butler, of Ogden, Utah, has received an East-West Grant at the University of Hawaii to study graduate Korean.

The Class of '65 is starting a new tradition, Senior Week, May 14. The Senior Honors Banquet will start the week of activities. Some of the other activities will be the Senior Ball, which is open to the entire student body, a final Trek to the '67 and a Senior FireSale. Outstanding students will be recognized in displays throughout the Wilkinson Center.

offering a book of readings which courses, Humanities 201 and 301, will be offered according to Dr. John B. Britsch, professor of English and coordinator of the Humanities Program.

## Pep Committee Sets Interviews

Pep committee openings will be filled starting Tuesday by Jim Christensen, new pep committee chairman.

Signups for the interviews will be posted on the window of the student relations office, 431 Wilkinson Center with an interview schedule for Wednesday and Thursday.

To qualify, a student must have a 225 g.p.a. Places on the committee are limited to 12. The heads of various areas including band, sports, pep publicity, rallies, band coordinator and half time shows.

## Education Major Is Senior Of The Month

Carolyn Gibb, elementary education major from Welling, Alberta, Canada has been chosen first year second grade class in a small country school.

Miss Gibb was chairman of Women's Week this year.

MISS GIBB'S FIRST reaction to the honor was "Wow!" After a few minutes of gaining her composure she remarked, "It's really a surprise. When I think of all the seniors on campus, I can't believe that I was chosen."

After completing the requirements for a two year teaching

## BYU Catering Motto—Food Anytime

by Steven Glade  
University Staff Writer

"We now have 23-hour service," explained Ashby. "People can pick up and return food and equipment anytime they want. Food and equipment in the past had to be picked up before 6 p.m. and returned by 11 p.m. or the next day."

**Crazy diet, ridiculous hours and shaving. Your skin doesn't stand much of a chance against them.**

**Pay a bit more and get the cordless REMINGTON LEKTRONIC II. The diet and the hours you can't do much about.**

The LEKTRONIC II puts a different complexion on shaving.

4 tiny rollers on top of the big shaver head protect like bumpers. Make sure you get in close, but not too close for comfort.

Once you're there, 348 cutting edges take over. They're honed from surgical high-carbon steel, so things never get dull.

Behind the scenes, there's the most powerful motor in electric shaving. Works on rechargeable energy cells without a cord (also works with a cord, if you forget to recharge). Frees you to shave when you want. Where you want. And there's no slowdown around tricky neck or chin areas.

Get yourself the cordless REMINGTON LEKTRONIC II Shaver. It'll give your skin a fighting chance.

**REMINGTON**

## Focus On Sports

## Top Notch Kegler

by Stan Hodge, Sports Editor

Nineteen-year-old Blake Napper today ranks 46th out of 13,847 college bowlers who competed for the 1968 champion's crown in intercollegiate bowling. Napper is a freshman at BYU.

His high ranking finish in competition to determine the king of college bowling was based on singles, doubles and team events at the finals of the National Intercollegiate Bowling Championships in St. Paul, Minn.

Nationally, he stands 53rd in singles, 17th in doubles competition, and is a member of the national team which finished fifth. (High scores in the finals were a 207 game and a 546 series.)

## Overcame Really Big Odds

Each finalist overcame really big odds of 184 to one in landing a spot in the national championships. Almost 11,900 students competed for three months on 188 campuses and 15 regional tournaments to determine the cream of intercollegiate bowling and fill the 75 finalist berths in the St. Paul championships.

These finalists were then down to St. Paul from all over the United States with American Machine and Foundry Company (AMF) picking up the entire tab. "What a tab it was!... Official sources put the bill at over \$35,000."

The national finals in singles, doubles and team play were bowled on the tournament lanes specially installed for the annual American Bowling Congress championships by AMF. These lanes were dismantled by AMF immediately after the tournament.

## Finalists Had Diverse Backgrounds

A glance at the list of participants readily shows what a great activity bowling is regardless of the diversity of the competitors. The sole common denominator from the whole group was that each excelled in bowling.

They came from 30 home states and the District of Columbia with the most distant being Hawaii, and New York the most represented with 10 finalists.

Thirty-four fields of study were represented by the finalists ranging from accounting to sociology. Only five finalists are majoring in physical education with the biggest portion seeking degrees in business, engineering fields, mathematics and education. Other fields of study range from banking, medicine and journalism, to data processing and auto mechanics.

## Sports And The Bible?

I picked up an interesting book the other day entitled *Is That in the Bible?* by Dr. Charles F. Potter. It pointed out the number of times sports are mentioned in the Bible. Baseball for example is referred to (the says) no less than 20 times.

You can believe it? Try these: "In the biginning" (Gen. 1:1) "... but where are the nine?" (Luke 17:17); "ten homers" (Numbers 11:32); "Who can understand his errors?" (Psalms 19:12); "Judge me, O Lord; for I have walked in my integrity; I have trusted also in the Lord; therefore I shall not slide." (Psalms 26:1); "... the righteous runneth into it, and is safe." (Proverbs 18:10); and "Yea, I will cause men to walk ..." (Ezekiel 36:12).

Then there's the story of Ananias and Sapphira and their memorable lie. Dr. Potter interprets it in golfers jargon: He (Ananias) was caught in a bad lie, and she (Sapphira) followed him. Both, however, had lied in one.

But that's not all! Where is tennis mentioned? Brace yourself—When Joseph served in Pharaoh's court!

Ranked as one of the nation's top college bowlers, BYU's Blake Napper picked up some inside information on championship bowling from two-time All-Star champ Dick Weber.

Cat Tracksters - Still Smarting -  
Play Host To Hapless Redskins

Brigham Young University's track and field squad performed before the home fans Tuesday at 2:30 p.m. versus archrival Utah, never a strong opponent on the oval.

**THE COUGARS**, still smarting from a loss to the undefeated New Mexico Saturday, should have little difficulty disposing of the visitors from the Salt Lake Reservation.

Coach Clarence Robison's charges have defeated the likes of Oregon State and UCLA this season, besides coping honors in the Colorado Relays.

In yesterday's competition, the blue and white machine twice massacred the Utes.

In a three-way meet against the Injuns and Idaho State on March 29, the Cougars garnered first place in every event except the 440 yards. Jack Snow of Utah at 14' 6" bested Snow, however, Punas Jim Pritchard (15' 3") and Paul Skowron (15' 4") have both cleared 15 feet, while Snow's best is 14' 9".

**SEEDS** OF THE Utes have improved considerably since the two rivals last met. Triple-jump man Ben Stowell has registered a season's best of 47' 4", good enough for a third place in the conference to date, while BYU's Greg Clegg is presently fourth with 46' 10" last week.

Dennis Gladwell, Ute broad jumper, beaten by Cougars Cramm and Ben Laverty before

Coed Entries Due  
For Track and Field

Women's intramurals track teams will take to the new stadium track Saturday at 9 a.m. for the first time, for competition in the Annual Women's Intramurals Track Meet.

**ENTRIES FOR THE MEET** are due Thursday at 6 p.m. Individuals may enter in any three of the events, plus a relay. Events will include 500 m., 100 yd., and 100-meter races, hurdles, pursuit and potato relays, softball throw, discus, javelin, shot put, running and standing broad jumps, and high jump.

Why Do  
You Read  
So Slowly?

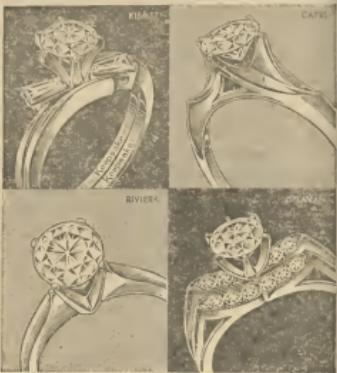

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more information. People do not know how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical material, or becoming proficient in reading a new language, anyone can increase his pleasure, success and income by reading faster and more accurately.

To acquaint the readers of this newspaper with the technique of improving rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement," from anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept. 9875, Chicago, Ill. 60614. A postcard will do. Please include your Zip Code

posting. His season's fastest time the conference with a recorded of 218.5—plenty fast but still good for a third place in the meet and a tie for second in the WAC for 1965.

New Mexico's Rivers has a season's best of 309.4, plus a win assisted 309.3.

THE ENGAGEMENT RING WITH THE PERFECT CENTER DIAMOND

## Keepsake®

True artistry is expressed in the brilliant fashion styling of every Keepsake diamond engagement ring. Each setting is a masterpiece of design, reflecting the full brilliance and beauty of the center diamond... a perfect gem of flawless clarity, fine color and meticulous modern cut.

The name, Keepsake, in the ring and on the tag is your assurance of fine quality and lasting satisfaction. Your very personal Keepsake diamond ring is awaiting your selection at your Keepsake Jeweler's store. Find him in the yellow pages. Prices from \$100 to \$2500. Rings enlarged to show beauty of detail. Trade-mark registered.

## HOW TO PLAN YOUR ENGAGEMENT AND WEDDING

Please send two new booklets, "How to Plan Your Engagement and Wedding" and "Choosing Your Diamond Rings," both for 25¢. Also send special offer of beautiful 44-page Bride's Book.

four runs in the second frame, added two more in the fifth and belted across five more in the eighth as they chased five Poke pitchers from the mound.

Wyoming jumped off to a quick lead in the second contest.

STARTING PITCHER Doug Wadell got third baseman Gordon Westhoff on strikes, but then center fielder Jerry Marion beat a single and then took third on a throwing error by Cougar right fielder Guy Hale and Clark Burt had brought the score to 7-6 with three hits.

STEVE CAHOON earned the victory with a stellar relief performance.

Centerfielder Norellka drove one out of the park in the fifth with a man on.

The Cats drove Wyoming hurler from the mound with a three-run uprising in what was scheduled to be the final frame. Weller who had two doubles and a home run, also scored on a single and extra bases with a soaring liner to left with two down after Bay Lake, Buddy Parker and Clark Burt had brought the score to 7-6 with three hits.

## BYU Women Capture Major Prize At Meet

by Gail Gulleksen  
University Sportswriter

Three hundred top-notch women spotters from the intermountain area came to Brigham Young University last weekend, and managed to take only two of four major awards from BYU ladies teams.

IT MARKED the first time the BYU women had hosted the annual Intermountain Sportsday.

First place awards were taken by gymnastics and tennis singles team. Tennis doubles, golf, and softball teams from BYU were awarded second place in the competitions which involved fourteen colleges and universities from the Intermountain area.

TENNIS PLAYERS Donna Chun, Alison Baxter and doubles team Vivian Acosta-Sharon Olsen were undefeated in match play. Donna Chun emerged as the champion with a hard-fought victory over teammate Mary Wilson. The singles team won 80% of their games. Other tennis team player included Lynn Park, Gail Gulleksen, Jo Anne Rothe, and Lucille Brown.

Steve Wright was named best all-around spotters, giving the BYU team an added boost toward their win. Other team members included Margaret Greenwood, Bonnie Brown, Gaylene Chris, Linda Carpenter, Annalee Greenwood, Sylvia Zogg, Melissa Holben and Margaret Johnson.

IN GOLF COMPETITION held at Timpanogos Golf Course Sat-

urday Barbara Trish picked up a second for BYU with an 89, two strokes behind the top golfer from Loretta Heights College.

Miss Trish took first place in Friday night's pitch and putt golf contest.

PITCHER LOUISE WINWARD led the BYU softball team to a close second place finish in the tournament. She picked up the first, with five wins in five games. BYU lost their only game in six contests to USU.

The softball team included also players Sandy Beavenage, Gloria Gaines, Marsha Fox, Sheila Morrison, Pam Rogers, and Alice Myron, Lovelace, Diane Congdon, Barbara Jensen, Sheryl Brink, Sheila Iversen, and Karen Allmendinger.

## Rodeo Squad Takes Montana Invitational

BYU's rodeo team totaled an amazing 688 points over the weekend to rise away with the Montana State University Invitational title held in Missoula.

THE SECOND place squad, Northern Montana, netted 281 points in a surprise finish while Montana State College came in third with 197. Idaho (191), Utah State (136), Montana State (113), Weber State (79), Western Michigan (71) and Idaho Junior College (29) completed the team totals.

Dan Thompson, a junior from Idaho Falls, Idaho, took first place for the Cougar riders in calf roping, capping both go-rounds and the average. Dale Little, another won first in the team roping event. Tom Buxton grabbed the bareback event.

Thus far this season, BYU has totaled over 1,000 points and with five meets yet to go, it seems certain that they will vault over the 2,000 mark—quite an accomplishment. Usually during a season, a team seldom scores more than 1,000 points.
